> MESCAL. AQUADIENTE DE MAGNYA --

(AMERICAN ALOE.) This delicious preparation, made from the root of the American Aloe, (agaves), is the favorite, and almost universal beverage of the inhabitants of the mountains of Peru, Mexico, and Lower California, where the plant grows in wild luxuriance. Their physicians con-stantly recommend it as a stimulant, and diuretic, in all diseases where such a remedy is indicated. One of the Proprietors, in traveling through Mexico and Lower California, several years ago, had confided to him by a Spanish Padre, the Recipe for its preparation. They now offer it to the public with the hope, that its high reputation as a remedy on the Pacific Coast, will be infinitely enhanced by its success upon the Atlantic. Its undoub efficacy in Gravel, Gout, Chronic Rheumatism Incipient Dropsy, Flatulence, Colic Pains; in Obstructions in the Bladder, Kidneys, and Urinary Organs; in Dyspepsia, and General Debility, and in Exhausted Vital Energy—Is unrivaled. It is considered by the Mexicans to be an absolute specific for Scurvy.

DIRECTIONS. As a Discretic, a table-spoonful in a wine-glass of sweetened water three times a day, just before meals. As a Stimulant, from half a wineglass to a wineglassful in a little water, as occasion may require. Observe the Seal upon the cork of the bottle, that it has not been previously broken. Full value will be paid for the empty bottles and boxes when returned to the Proprietor
